

Ring Sizing Guide

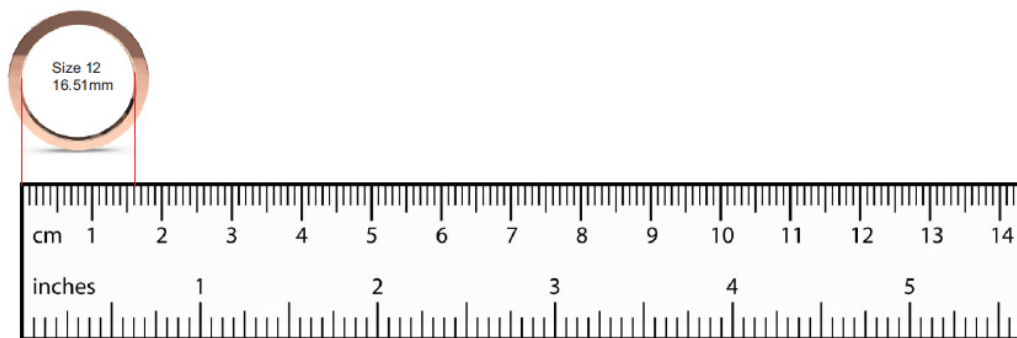

How to find your Ring Size?

Option 1:

Choose a ring that fits correctly for the finger you are purchasing. Engagement Ring & Wedding bands are most commonly worn on the "ring finger" of the left hand.

Step 1: Place your existing ring on a ruler.

Step 2: Measure the inner diameter of the ring in cm or inches.

Step 3: Note down the measurement and compare it with the chart given below.

Step 4: Determine your ring size & place the order 😊

Option 2:

Instructions:

- Print the below ring size page and ensure the printer is set in A4 size.
- Verify the printed page by measuring the few sizes with the ruler to ensure they are accurate.

Step 1: Take a printout of the ring size chart attached below.

Step 2: Place your existing ring on the chart and make sure the inside of the ring lines up with the outside of the circle.

Step 3: If you're in between sizes order for the larger side.

Step 4: Note your ring size & place the order. 😊

Circumference(mm)	Diameter	Diameter	India	UK, Europe, Aus,	US & Canada	CN/SG/JP	HK

How to find HER Ring Size:

- Ask her friends & family. They occasionally have this insight! And, if they don't know this right away, they can be the one to ask (nonchalantly).
- Take one of her rings and place it on a piece of paper. Draw a circle on the inside and outside of the ring. Do this several times to make sure that your ring traces look consistent. We can usually figure out the diameter of her ring from your sketch!
- Borrow one of your partner's rings and use the Ring Sizing Guide above to determine its size. The ring should be from the correct finger on the correct hand.

Other Useful Tips:

- When considering a wide band, move up a size from your measurement, for comfort's sake.
- Different countries have different ring-size systems. Sizes of different countries are listed in the chart above. If you're not sure, please feel free to contact us.
- Our dominant hands are generally slightly larger - make sure you measure for her left!
